

Let's Communicate!

This is a communication board to use when you are chatting in the park. Symbols help us to communicate.

How to use:

Point to the symbols as you chat.

Make sure you 'point and say' the words.

There is no expectation for the child/adult you are using the board with to point to the symbols. If they do, that is great!

Look out for what else is being communicated through facial expressions, body language, gestures and vocalisations.

Talk about:

What they want to do.
 What they are going to do next.
 What they liked or didn't like.
 How they feel.
